How Pre-Existing Conditions are Shared (iEverydayCARE Hospital & Hospital PLUS Only)

A condition is considered pre-existing for a member or dependent if symptoms or treatment have occurred within the 12 months prior to joining the Medical Cost Share. See the Membership Guidelines for detailed description of what will be considered a pre-existing condition. **Controlled diabetes, hypertension, high cholesterol, seasonal allergies and intermittent asthma will not be considered pre-existing when reported prior to membership effective date.**

Conditions beginning after a member's effective date will be shared after paying a \$2,000 initial member responsibility then 20% with a maximum out-of-pocket of \$4,000[^] per year. See the Membership Guidelines for sharing rules.

Additional Sharing Restrictions and Limitations
